Experienced Product Manager with 12+ years in Enterprise Software and BFSI, specializing in product strategy, roadmap planning, and delivering impactful customer experiences. Proven track record in digital transformation, SaaS solutions, and cross-functional leadership. Adept at bridging technical and business needs to drive innovation, with recent success in AI adoption, multi-product portfolios (Salesforce, Zoho, Conversive), and global market strategy.

Core Competencies

- **Product Management:** Product Strategy, Roadmap Planning, Feature Prioritization, Agile Methodologies, User Research.
- **Domain Expertise:** CRM (Salesforce, Zoho), Omnichannel Communication (SMS/WhatsApp/Voice), Journey Orchestration, Partner Ecosystems.
- **Technical Skills:** Salesforce (Agentforce, CRM), Zoho CRM, Conversive, Power BI, ASP.NET, SQL Server, JIRA, Confluence, API Integrations.

Professional Experience

Screen Magic | *Sr. Product Manager (SMS Magic)*

Dec 2024 – Present

(Salesforce ISV Partner - Enterprise Communication Platform)

- **Salesforce Product Head:** Set the product strategy for the flagship Salesforce communication platform (850+ global clients). Built the **Agent Force** POC, introducing AI-driven conversational agents and sentiment analysis.
- **Pricing & Revenue Strategy:** Developed and launched a hybrid pricing model (tiered subscription + usage-based), increasing Average Revenue Per User (**ARPU**) by **18%** and establishing a **22%** price advantage over Twilio.
- Built and deployed **LeadSpark**, an AI-powered lead management tool, independently from concept to internal production.
- Developed the entire tool using AI-assisted coding (Groq LLM), optimizing the design for cost-efficient AI usage and minimal token consumption.
- Integrated essential SDR workflows, including calling (Aircall), email (Nylas), and basic CRM, to replace manual lead tracking.
- Designed leadership dashboards for clear, batch-level lead performance tracking, improving visibility for high-velocity SDR teams.
- **Conversive & Journey Orchestration:** Owned the product vision for **Conversive**, a new "Omnichannel Conversation Unification" engine that manages complex engagement flows across WhatsApp, SMS, Webchat, and Voice.
- **Zoho CRM & Partner Integrations:** Managed the entire **Zoho CRM** integration, shipping critical features for case management and data sync to match the Salesforce platform offering.
- **Ecosystem Expansion:** Managed strategic partner integrations for SMS Magic and Conversive, making sure data exchanges across multiple CRM systems were seamless.

Simplify Healthcare | *Product Manager*

Jan 2024 – Dec 2024

- **Multilingual Automation:** Automated document generation in Spanish and Mandarin, integrating translation APIs to reduce manual effort by **60%** and increase global customer satisfaction.
- **Product Development (.Collaborate):** Developed a collaborative dashboard for editing system-generated documents, significantly enhancing client interaction and document management efficiency.

- **Process Optimization:** Used JSON file upload to streamline the translation process, ensuring efficient and accurate document localization.
- **Stakeholder Management:** Conducted regular beta testing and demo sessions to align product functionality with business needs and drive user adoption.

Allstate India Private Ltd | Digital Product Manager

Jun 2016 – Dec 2023

- **Digital Transformation:** Led a cross-functional initiative to redesign the agent onboarding workflow. Reduced agent onboarding time from **24 weeks to 2 weeks** by introducing automation and digital documentation.
- **Portal Redesign:** Revamped the independent agent portal, improving navigation and usability. Achieved a **15% increase in engagement** and a 10% reduction in bounce rates within six months.
- **Business Intelligence:** Spearheaded the migration of static reports to real-time dashboards using Power BI. Saved **\$300K annually** in server/labor costs and empowered leaders with actionable insights.
- **Strategy & Roadmap:** Defined product vision and three-year roadmaps in collaboration with US business leaders, managing backlog prioritization and KPI monitoring.

Atos Syntel Private Ltd | Software Engineer

Dec 2013- Jun 2016

- **Payment Integration:** Integrated secure payment systems into the *MyAccount* application. Designed intuitive interfaces and implemented mobile tokenization, enabling seamless premium payments for users.
- **Development:** Developed web applications using ASP.NET and C# for major US financial services clients.
- **SDLC Management:** Supported all stages of the software development lifecycle, from requirements analysis to deployment and Active Directory management.

Education and Certifications

- B.Tech in Computer Science, Jaypee University (2009–2013)
